

MONTPELLIER

Natural Stone for Every Home

WELCOME

The Montpellier award-winning collection of fireplaces is presented here along with several exciting new additions.

Many of the pieces shown are embodiments of the company's signature style and inimitable quality which is renowned in the fireplace industry. Our collection is constantly evolving and developing and many of the models featured are now modern classics. We now have a Limited Edition section of our classic designs which are available to order and can be customised to suit your requirements.

Each fire surround in Montpellier's distinctive collection is individually hand-carved in pure marble or premium limestone and is offered with a matching hearth and back panel to create a harmonious whole. Our designs are infinitely versatile, allowing them to be used with different size inset gas fires, baskets, cast iron inserts and if appropriately adapted, for solid fuel applications, especially stoves.

Our endeavours to achieve a high standard in product design, material, quality and finish have been recognised and endorsed by several Hearth and Home awards received in recent years. All the marble and limestone used in the production of our fireplaces are exclusive to Montpellier, in particular our signature material Bianco Persiano.

Our matching accessories, which are intended to coordinate with the fireplaces are also featured. Montpellier brand fireplaces are available from authorised quality stockists in the UK and Ireland. Please contact us for details of your nearest stockist or log onto our website at www.montpellier.co.uk.

On the following pages, we invite you to draw inspiration from some unique and innovative pieces, whether classic or contemporary, to suit your home and your mood. We have also taken the opportunity to show you some of the other projects we do at Montpellier through our stone flooring, bespoke bathroom and worktop division in Gloucestershire and surrounding counties.

A handwritten signature in black ink that reads "Eve Iravani". The signature is written in a cursive, flowing style with a horizontal line underneath the name.

Eve Iravani

SAN PIETRO

The San Pietro, left, features individual precision cut and polished sections of marble painstakingly arranged across the fascia and vertically through each leg of the fireplace. It is featured here with a Barbas Vento 65 high efficiency gas fire. Available in 54" size.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18
Overall width	1270	50	Hearth type	boxed & lipped

Shelf depth	230	9	Opening width	890	35
Hearth length	1370	54	Back panel/slips	yes	

SAN ROCCO

The San Rocco, featured here in Bianco Persiano marble, is another breakthrough design from Montpellier, and was a finalist in the 2008 Hearth and Home awards. It is distinguished by split-face marble panels embedded in the legs and fascia to add a rustic twist to its otherwise clean, contemporary lines. Shown with Barbas Vento 65 gas fire. Available in 54" size.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18

MONTE CARLO

The Monte Carlo won the prestigious Fireplace of the Year award at the Hearth and Home 2007 show, with an unprecedented 100% score awarded by the judging panel – an amazing achievement for a design brought to life by the human hand using a natural material. Available with either slips or a back panel. Shown with Faber Spectra Front Gas Fire, left, and Chesney's Universal Basket and Spherical Dogs, right. Available in 54" size.

54"	mm	in		mm	in

Hearth length	1370	54	Back panel/slips		yes

SAN MARINO

This fire surround features slim round columns embedded into the legs and fascia of the fire surround – another innovative hand-carving technique developed by Montpellier. The floating hearth is replicated in the shelf detail. Available in 54” size.

54”	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18

Hearth length	1370	54	Back panel/slips		yes

SAN FRANCISCO

This simple, restrained design with undulating lines in the legs and fascia, is a tribute to supreme craftsmanship. In simpler designs such as this, accuracy of hand-carving takes on a greater importance as there is no embellishment to offer any distraction. Available in 48” and 54” sizes.

48”	mm	in		mm	in

THE CONTEMPORARY COLLECTION

ARIZONA

The sleek and elegant Arizona, shown in Creme Classico, left and near right, and Limestone Persiano, far right, was awarded first prize at the 2002 Hearth and Home show for Best Fireplace Mantel. The shelf of the Arizona is reversible. Shown with Faber Spectra Front Gas Fire, left. Available in 48” and 54” sizes.

DENVER

The stark simplicity of the Denver fire surround brings out the full beauty of our honed Persiano Limestone. It is a straightforward construction, is competitively priced and will harmonize beautifully with most interior schemes. It is shown here with a Chesney's Petworth multi-fuel stove with a specially adapted hearth for solid fuel. Available in 48" and 54" sizes.

48"	mm	in		mm	in

Shelf depth	225	8¾	Opening width	770	30¾
Hearth length	1220	48	Back panel/slips	yes	

For 54" dimensions please see the Maclaren surround above

TAMARA

The beautifully-proportioned Tamara fire surround with individually hand carved columns and waterfall hearth is featured left in Bianco Persiano marble and on the right in Creme Classico marble. The Tamara 60" is also ideally suited for cast iron inserts which further enhance its majestic appearance. Shown here with Faber Clear high efficiency gas fire. Available in 54" and 60" sizes.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18
Overall width	1300	51	Hearth type		waterfall
Shelf length	1370	54	Opening height	830	32½
Shelf depth	340	13½	Opening width	880	34½

Shelf depth	380	15	Opening width	920	36¼
Hearth length	1520	60	Back panel/slips		yes

GIOVANNA

The easy charm of the Giovanna belies its complex interior construction: integral full columns seamlessly united with the fascia. The mantel shelf repeats the design of the waterfall hearth in reverse. This fire surround is ideal for use with a modern cast iron insert and basket, but works equally well with a back panel and inset fire. Available in 54" size.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18
Overall width	1190	46 ¹ / ₄	Hearth type		waterfall

Shelf depth	240	9½	Opening width	910	35¾
Hearth length	1450	57	Back panel/slips	yes	

EVITA

The clean lines of the Evita fire surround lend it an air of quiet serenity and a thoroughly modern feel. Available in 48" and 54" sizes.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18
Overall width	1270	50	Hearth type	boxed & lipped	
Shelf length	1370	54	Opening height	820	32
Shelf depth	225	8¾	Opening width	890	35
Hearth length	1370	54	Back panel/slips	yes	

Dimensions for the 48" version are similar to the Venezia model shown on page 29.

CAMBRIDGE

Created in response to repeated demands from our retailers, this simple arch design takes inspiration from classic limestone arch models, but with Montpellier's signature touch and shown here in the exclusive Bianco Persiano marble. This surround is also available in Creme Classico marble and Persiano Limestone. Available in 54" size.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18
Overall width	1270	50	Hearth type	boxed & lipped	
Shelf length	1370	54	Opening height	830	32½
Shelf depth	230	9	Opening width	880	34½
Hearth length	1370	54	Back panel/slips	yes	

WINDSOR

Another much-requested Gothic Arch design, with a contemporary twist, handcrafted from the perennially popular Bianco Persiano marble exclusive to Montpellier. Available in 54" size.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18
Overall width	1270	50	Hearth type	boxed & lipped

Shelf depth	230	9	Opening width	890	35
Hearth length	1370	54	Back panel/slips	yes	

Limited Edition designs are available to order in Bianco Persiano, Creme Classico or Persiano Limestone

HARVARD

If your idea of a perfect winter evening is a good book by the fire, then the Harvard is for you. Display your favourite novels and treasured ornaments in one place to cherish and enjoy. This fireplace is comprised of pieces of marble arranged into interlocking shelves and a slip detail which frames the back panel. Available in 54" size.

54"	mm	in		mm	in
Overall height	1200	47 1/4	Hearth depth	460	18
Overall width	1270	50	Hearth type	boxed & lipped

Shelf depth	240	9 1/2	Opening width	770	30 3/4
Hearth length	1370	54	Back panel/slips	yes	

NEW YORK

A tribute to the City That Never Sleeps, the New York is an innovation in modern fireplace design. Featuring triangular legs and shaped mantel, it is twinned here with Chesney's Obelisk Dogs and Modern Steel Slips for a slick and urban feel. A back panel is included as a further option. Available in 54" size.

54"	mm	in		mm	in
Overall height	1120	44	Hearth depth	460	18
Overall width	1200	47 1/4	Hearth type	boxed & lipped

Shelf depth	230	9	Opening width	890	35
Hearth length	1370	54	Back panel/slips	yes	

For 48" dimensions please refer to Denver on page 15.

LIMITED EDITION

FLORIDA

Artful styling, clever detail and perfect balance – the hallmarks of a modern classic design. The Florida combines these elements, making it the perfect choice for a contemporary space. The ‘grooved’ hearth, another first from Montpellier, echoes in reverse the raised ‘stripe’ framing the surround. The Florida is also available with a mantel shelf. Available in 48” size.

48"	mm	in		mm	in
Overall height	1030	40 3/4	Hearth depth	380	15
Overall width	1150	45 1/4	Hearth type		grooved
Shelf length	1190	46 3/4	Opening height	770	30 3/4
Shelf depth	155	6	Opening width	790	31
Hearth length	1220	48	Back panel/slips		yes

VIRGINIA

Introduced as part of Montpellier's collection for smaller spaces, the Virginia is smart and sassy, with an extra-wide fascia giving the illusion of height. It can be used with or without a shelf which is provided as optional for use and is featured here in Bianco Persiano marble. Available in 42" size.

42"	mm	in		mm	in
Overall height	1060	41½	Hearth depth	380	15
Overall width	1020	40	Hearth type	boxed & lipped

Shelf depth	200	8	Opening width	660	26
Hearth length	1080	42½	Back panel/slips	yes	

OXFORD

Infinitely adaptable, the Oxford began as an idea for a stand-alone hearth and back panel: an economical way to introduce marble into a room scheme without committing to a full fireplace. It can be used to showcase contemporary gas, electric and gel fires or, without the cut-out, as a backdrop for a vase of flowers or decorative object. Available in 40" size.

40"	mm	in		mm	in
Overall height	875	34½	Hearth depth	380	15
Overall width	825	32½	Hearth type	boxed & lipped

AVAILABILITY CHART

Please note that due to the ever-changing situation at marble quarries, the availability of certain materials is subject to change. We have therefore introduced the table here to assist you with your colour selection. It is always advisable to ring us for any item which is not listed as “Normally in Stock” to check availability before an order is confirmed or installation date finalized. All special order surrounds or those requiring bespoke sizes carry a lead time of 12-14 weeks and may be subject to extra charges

Bianco Persiano

Bianco Persiano, a white marble with grey veining has been Montpellier's signature marble now for many years. With its supply now severely restricted, it is rare and costly and any fireplace made from this material is the ultimate luxury.

**Crème Classico**

Crème Classico marble features warm honey and caramel tones, rich veining and touches of onyx. A more exciting alternative to the ubiquitous Crema Marfil, it is polished entirely by hand in order to achieve the unique finish for which Montpellier is renowned.

**Persiano Limestone**

Persiano Limestone is a robust creamy white material which is more a dolomite than a limestone. It is characterised by a soft grey bloom and occasional speckles, and does vary from one batch to another so you are advised to request a current sample.

All the materials used in the production of our fireplaces are exclusive to Montpellier, which makes your fireplace even more unique and special. Please refer to our availability chart on the facing page. Samples of the different marble colours can be viewed at your local Montpellier stockist.

Marble is a natural material and variations in colour, veining and texture must be expected. These features are natural characteristics and must not be considered defects. Stops and fills are a normal part of the production process and where

necessary are carried out by expert stonemasons, so they should not be perceived as faults.

In the interest of continuing product development, we reserve the right to make changes at any time, without notice, to prices, colours, material, specification and to discontinue models.

Colour and shade reproduction in this brochure are as accurate as printing processes will allow and are intended as a guide only. All sizes are approximate. E&OE.

STOCKISTS

Montpellier has a nationwide network of stockists; each carefully chosen on the basis of strict criteria and a potential to provide a quality product and service to clients. Your local stockist will be able to assist you with all your requirements from initial surveys through to product selection and final installation.

You may contact them for advice on related products such as gas or electric fires, open fires, stoves and accessories as well as full information on the Montpellier collection. For information on your nearest stockist, please call us on telephone 01452 714 800 or log onto our website at www.montpellier.co.uk.

Please be advised that Montpellier Marble fireplaces are only available from authorized stockists with showrooms. We do not sanction the sale of our fireplaces through internet selling sites.

BESPOKE SERVICE

Any of our Montpellier designs shown in this brochure can be customised to suit your individual requirements, for example, a change in hearth size to suit a carpet cut out. Special orders normally take 12-14 weeks and might be subject to additional charges.

Montpellier fireplaces can be used with open fires and wood burning stoves provided the hearth and back panels are properly adapted to withstand the high heat output of such installations. We offer a slabbing service at an additional cost. Please check with your stockist for more details.

AWARD WINNING FIREPLACES

Our endeavours at Montpellier to achieve a high standard in product design, material and quality have been recognised and rewarded by the industry. We take pride in the Hearth & Home Exhibition Awards we have received in recent years. This valuable endorsement has inspired us to continue our quest to create timeless classics which will grace homes worldwide for years to come.

Winner of the Hearth & Home Exhibition "Best Mantel" award 1999, 2000, 2002, 2005 and 2007. Fireplace of the Year Award 2007.

CARE AND MAINTENANCE OF YOUR MONTPELLIER SURROUND

The care and maintenance of your surround is a simple process providing you take care with substances such as tea, coffee and red wine which are likely to stain or corrode the surface of the stone. Log onto www.montpellier.co.uk for further information.

For cleaning and protecting your fireplace we recommend the Fila™ range of products available from Montpellier. This range of products has been especially developed for marble, limestone, travertine and granite with the result that all the items in the range complement one another.
